

Joss Stone

Musician, [author](#) and humanitarian

From an early age, Joss Stone has been one of the most accomplished people in the music industry. As such, she is able to deliver key note speeches on her career and life, as well as “rising to the challenges” she’s faced within the music industry that are both entertaining and enlightening.

Joss's biography

Joss Stone’s background

As a hugely successful artist both in the UK and internationally, she is able to draw on her experiences to talk with charm and wit on her success and [motivation](#), as well as on her charity and humanitarian work. Her charity work involved her being part of 2005’s Live 8 event, and she continues that spirit and devotion to campaigning as part of her work with One Young World. Stone works alongside some of the world’s most inspirational young people, with a view to making significant changes throughout the world. Joss has completed her most audacious project to date – The Total World Tour – in which she has performed a gig and collaborated with local artists in over 200 countries around the world. It is evident that Stone is an independent soul. A true free spirit. Some may call her rebellious, others would say that she is a young woman who is completely confident in her chosen direction and is at peace with all that that means.
