Allan's biography

Allan Pease's Background

Allan Pease is known for his positive outlook and for his sense of humour, engaging his audience and inspiring individuals to explore their communication at home and in the workplace.

Understanding human behaviour, [motivation](#) and communication is essential for [business](#) success. Both within teams and organisations and in communication with potential or actual business partners or clients, reading situations correctly and responding accordingly is vital to maintaining good relationships and encouraging rapport. The same can be applied to personal relationships; good communication is key to strong bonds forming.

Pease is known throughout the world for his insight into body language and relationships, as well as his knowledge regarding gender differences in brain traits and how these influence behaviour and communication. He and wife Barbara have co-written numerous books on these subjects, including the best selling Body language: How to Read Others' Thoughts by Their Gestures.

Pease's years of research and experience have seen him become one of the worlds top speakers. He is a successful [businessman](#) himself and has an intricate understanding of what employers and employees need to know in order to thrive within their sector. He provides training, workshops and presentations and his enthusiasm for analysing and improving communication is infectious.

Like many successful entrepreneurs, Pease began to demonstrate his passion for business and innate skill at a young age. He began door to door sales of sponges when he was only ten, and by the age of 17 had been employed as a housewares salesman, becoming his employers national number one

salesman, before moving on to sell life insurance.
